IOWA-NIGERIA PARTNERSHIP

Iowa is one of four conferences in the United States — along with Nebraska, Eastern Pennsylvania, and California/Pacific — that has a special missional relationship with United Methodist people in Nigeria.

Roseline is a student at the Women's Leadership Training Center (WLTC) in Bambur, Nigeria. Her parents did not have sufficient funds to provide for her schooling, yet she was desperate to attend the WLTC. Her mother gave her \$3, and Roseline sold her goat to pay the tuition — despite her family's reliance on the income from the goat.

After her story was told here in Iowa, a kind-hearted Iowa woman provided funds for her to purchase a new goat. Presently, Roseline continues classes at the WLTC. She will return back to her village with a treadle sewing machine that has been purchased for her by generous Iowa United Methodist Women. Her goal is to teach village friends the things she has learned to empower them as she has been empowered at the training center with the support of caring women in Iowa. Your gift makes a difference to one who will share!

More about the Iowa-Nigeria Partnership can be found at <http://iaumc.org/pages/detail/1243>.
